

## **Week 7**

### **Tasks Completed:**

- Compiled final report including all figures, tables, and citations.
- Drafted Future Scope section highlighting deployment and hybrid modeling ideas.
- Structured references to data sources used in the dataset.
- Prepared and submitted weekly reports, figures, and graphs.

### **Challenges Faced:**

- Managing document formatting and merging multiple visual assets.

### **Tasks Planned for Next Week:**

- Present findings and defend methodology.
- Gather peer/instructor feedback for improvements.
- Submit final polished project report and codebase.
